ELUCIDATION OF  
REGULATION OF THE GOVERNMENT THE REPUBLIC OF INDONESIA  
NUMBER 37 OF 2021  
ON  
ADMINISTRATION OF JOB LOSS SECURITY PROGRAM

I. GENERAL

In Article 28H section (3) of the 1945 Constitution of the Republic of Indonesia, it is mandated that every person has the right to social security which enables his or her complete development as a dignified human being. The government is committed to carrying out the mandate of the 1945 Constitution of the Republic of Indonesia with the promulgation of Law Number 40 of 2004 on National Social Security System.

The national social security system is basically a state program that aims to provide assurance of social protection and welfare for all Indonesian people. Through the national social security system, every resident is expected to be able to meet the basic needs of a decent life in the event of things that can result in loss or reduction of income, due to illness, accident, job loss, entering old age, retirement, or death.

In order to realize the national social security system, the Government has promulgated Law Number 24 of 2011 on Social Security Agency. In Law Number 24 of 2011, 2 (two) social security agencies have been established, namely BPJS Kesehatan and BPJS Ketenagakerjaan. BPJS Kesehatan administers the JKN program, while BPJS Ketenagakerjaan administers the JKK, JHT, JP, and JKM programs.

In accordance with the International Labour Organization Convention Number 102 of 1952, the Government is obligated to provide comprehensive social security protection for its citizens, so improvements in the implementation of social security are continuously implemented.

For this reason, through Law Number 11 of 2020 on Job Creation, several provisions have been made improvements in Law Number 40 of 2004 on National Social Security System and Law Number 24 of 2011 on Social Security Agency. The provisions in Article 82 of Law Number 11 of 2020 on Job Creation have improved Law Number 40 of 2004 on National Social Security System by adding 1 (one) new program, namely JKP, so that the overall social security program includes JKN, JKK, JHT, JP, JKM, and JKP. Furthermore, in Article 83 of Law Number 11 of 2020 on Job Creation, improvements have also been made to the provisions in Law Number 24 of 2011 on Social Security Agency which stipulate that BPJS Ketenagakerjaan administers JKK, JHT, JP, JKM and JKP programs.

The base thought for the establishment of the JKP program as a result of the absence of social security for Workers/Labourers who experience Termination of Employment Relation, so that they use the benefits of JHT to fulfill their daily needs, while in essence JHT is social protection when Workers/Labourers are unable to work because they enter old age or have permanent total disability.

In a situation where a Worker/Labourer experiences a job loss, it will certainly have an impact on the degree of his or her social status, especially the environment in which he or she lives and the community in general. Therefore, the implementation of JKP aims to maintain a decent standard of living when a Worker/Labourer loses his or her job/is terminated so that it will motivate the Worker/Labourer to want to work again or try to be independent.

This Government Regulation regulates membership, contributions, benefits, the implementation of the JKP program which is integrated in an effective system, sources of funding, and administrative sanctions.
